8,Professor Gabriel Olusanya street,
Lekki Phase 1,
Lagos.
Nigeria.

Dear Hiring Manager,

I am writing to express my interest in the MONO 2024 summer internship programme, offering exceptional coding and design skills on real-life projects, while building career and making financial impacts. After reviewing your requirements as posted on indeed, I am confident that I am an ideal candidate .

Mono is a leading Open Banking Company in Africa, linking financial accounts to retrieve transactions, balances and statements or move money. The company has processed and analyzed over 200M+ transaction data from over 1.9M+ bank accounts in Nigeria. It would be a great learning experience to be part of this program.

I have worked as an intern at SAIL INNOVATION LAB for about six months. During this time, I have understood all it takes to build and create a working Application and to consume EndPoints(APIs).

I really appreciate you taking the time to review my application for the position of an intern, looking forward to hearing from you soon.

Best Regards,

Ademola.
